Due South <bandduesouth@gmail.com>

Dear Karyn,

I have been procrastinating recommending DUE SOUTH (<http://www.duesouthband.com>) to other libraries in the BCCLS network, as well as to other Fort Lee outdoor concert venues (we have a few), only because I don't know how to give the proper accolades you deserve.

I can not remember how DUE SOUTH came to my attention as a possible band for our Sunday afternoon concert series, however, you are the first Country Music band the Fort Lee Library has booked since 2011. And boy o' boy, you were so well received.

The cohesiveness of the band members resonates not only in your obvious true and natural friendships but also compliments the style and easiness appropriate for the genre of music you perform.

From Johnny Cash and Patsy Cline to Lady Antebellum, your sounds made me feel as though there was sawdust on the floor and pitchers of beer on the table.

I have copied a few librarians responsible for programs across Bergen County as well as Tom Myers, coordinator of several outdoor music events in Fort Lee. I sincerely hope DUE SOUTH continues to make "the library circuit" and entertain patrons in towns other than Fort Lee in Bergen County.

Thank you for making the audience tap their feet, bop their heads and make me get up and dance.

Wishing you continued success.

Kindest Regards,
Olga Kuharets
