Father Terry Loughran

of Limerick

Deacon

Bob McGovern

Of Old Bridge

*To The Due South Band
Karyn, John, Gregg, and Kevin ,*

I wanted to thank The Band for an amazing night. It was my first time organizing and running an event at the club. I introduced the idea of a Country Night Theme for a fundraiser event at the club and was given the green light. I really wanted to make sure a first time event was successful. Which meant the food and entertainment had to be good.

I cannot begin to tell you after nearly 2 months I am still approached by members, their family and friends, on what a great night they experienced. Everyone raved about the band. I have heard compliments of song selections, How the sound set up was perfect, and how great the band members were with socializing with the guests.

I have been asked if I will be running another Country Music Night again. Even people who did not attend have also expressed interest after hearing about the night. All followed by, are you booking the Band for next year. My replies are always with a smile followed by "Definitely". I truly believe the night would not have been such a success with out the right band!

Again words can not express the gratitude and thanks I am sending to all of you. I look forward to next year with you playing the event. And if I may recommend to anyone looking for a great, fun, all around good Country Music Band the direction to go is with out doubt " Due South "

Sincerely,

Mike Sullivan
